Feature Highlights

(Echelon, Aurora, and Choice)

90 Degree Hood

Allows easy access to grilling and more efficient exhaust.

Raised Hanger

Solid raised hangers for sleek finished look.

Adjustable Warming Rack

Dual position warming rack for easier use and storage.

Analog Grills w/ Magic View Window

Echelon and Aurora analog grills with the Magic View Window option now integrate the analog thermometer into the hood. Plus, all analog thermometers now have an angled bezel for easier viewing.

Zone Flavor Grids (Echelon, A790, A660)

Efficient flavor grids that provide even heat and reduce flareups. Segmented for "zone" cooking.

Bigger Drip Tray (Echelon only)

Larger capacity drip tray with ball bearing glides for smooth open and close.

Diamond Sear Cooking Grids

Patented trapezoidal shaped Diamond Sear cooking grids provide best grilling performance.

Meat Probe w/ Storage Box (Echelon only)

Meat probe included with all Echelon digital grills and features a braided stainless steel sleeve and decorative bamboo box for easy storage.
